

Benefits of engaging with your local CCNZ Otago branch

Engaging with New Zealand's contracting industry

Civil Contractors New Zealand (CCNZ) is the cornerstone of New Zealand's contracting industry with a highly proactive National and Regional network of professional contractors and associated organisations.

As an industry group our goal is to improve engagement with our Local & Regional Councils and NZTA. We will achieve this by engagement in a constructive and structured manner to provide better insights for our members and building long-term relationships that will endure time and provide betterment for the local industry.

Better Connected = Better Outcomes

Your local CCNZ branch is a conduit for Local/Regional Councils along with NZTA to enable valuable engagement with your local and national Contracting Industry.

CCNZ Otago branch can provide valuable input in the following areas:

- Industry engagement on local policy changes or introduction of new local policy's affecting construction or maintenance of infrastructure.
- Share relevant key contacts to enable better communication between contractor and authority.
- Insight into forward works plans which will allow local industry to prepare for local projects using local resources.
- Provide industry feedback on Annual and Long Term Planning.
- Opportunities to work with community on employment and training initiatives through CCNZ EPIC campaign and Connexis training programs.
- Sharing of learnings from incidents across the industry to prevent similar incidents occurring.
- Sharing of key contacts for emergency situations, crisis recovery response engagement and other events.
- Provide feedback on local procurement that could be improved to reduce cost without decaying the tendering process
- Discuss common quality, safety, environmental and conditions of contract issues.

We look forward to hearing from you to discuss any of the above or offer other areas you may think we could add value.

Our Membership

Our membership provides a wide cross section across our industry. Our membership boast 26 Otago based contractors as well as good representation from our national and multi-national contractors. We have 16 associate members (companies) representing different sectors of our industry such as plant hire, pipe suppliers, safety professionals, surveyors, land development consultants, quarries and supporting services.

Our members culminate to a wide reaching network with a distribution list of 240 individuals and growing.

Executive Team

We elect an executive committee annually which is a passionate group of individuals working on betterment of their industry.

The 2020 Executive Committee is:
