

Connexis Civil Industry Training and Development Awards

The Civil Industry Training and Development Awards sponsored by Connexis aims to recognise those employers that believe in providing opportunities for their staff to gain skills and knowledge through a nationally recognised qualification. These employers invest across all levels of their business, embedding training as a matter of course in everything they do, and creating pathways for their people to move up. They understand the importance of building their business by building their people. This award is to highlight the importance of these types of companies in creating a skilled and safe New Zealand.
